SUMMER BREEZE

On the first day make the silk paper and faux felt pieces and work on design. On the second day we look at free-motion quilting to complete the piece.

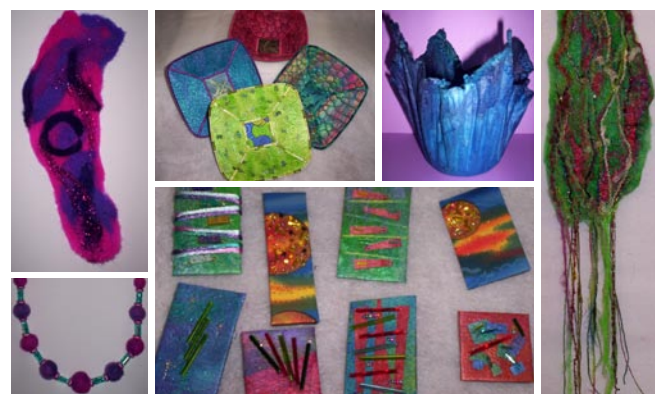

FUN WITH FIBRE TECHNIQUES

An on going class learning different techniques eg:

- working with silk/wool tops,
- beads,
- Angelina/Textiva

OR can be individual one day classes, eg:

- silk paper bowls,
- faux felt scarf,
- felted beads, to name a few.

TRADITIONAL 2 Day Classes

HIDDEN WELLS

This is a fun class (with a fool proof trick), almost like a mystery quilt as you won't know what it will look like till the end. A great class to use up all of those unrelated fabrics that you've had for ages and don't know what to do with - they'll be perfect.

WINDOW BOXES (or Not My Sunflowers Again!)

This is a great quilt to show case a special fabric or as an "I Spy" quilt using different novelty fabrics in each window.

CITRUS LINKS

This is a great design for a difficult teenager's quilt or can be made bigger for a queen size bed, pattern also available for sale.

SPINNING FLOWERS

This is a very simple block design giving you a lattice effect which would showcase a floral fabric beautifully.

Class fees: \$300 per day including GST.

Travel expenses to be negotiated.

Class sizes: minimum 6, maximum 12.

All quilts can be viewed on the website.
